Dear Culture Keepers,

SHE. is embracing Ujamaa (cooperative economics)! We have created an opportunity for you to be an active part of SHE.'s collective success. Your contribution creates opportunities for women-owned businesses in underserved communities. Organizations who provide services to women-owned businesses are in high demand, and we want to partner with you to continue to serve and help our community.

Our Mission: The SHE. Event Indy / SHE. Xperience Shoppes provides venues for black-owned businesses to increase their customers and revenue, learn sound business practices, build relationships, and circulate their dollars within the Black community. This is done through the SHE. Event, SHE. Event Youth Cohort/ SHE Creates, SHE. Marketplace and SHE. Xperience Shoppes located inside Circle Center Mall downtown Indianapolis.
